KJPC began its first broadcast on October 20th 1955 in a broken closet on the original Foothill College campus in Mountain View, California.

It was then that superman took flight, flying toward us and a vision of us for the future came. He looked forward and we began our great tradition. For decades it has been our job to keep spreading the word of love and hope and joy to the people of our area.

During the 50's it was simply KJPC (KJPC 13.1) and we were a local station. But then, the way a station grows is by "growing" new people. From 1955 to 1960, it was the first step. Then, in 1961, we began to be identified as "KJPC 13.1" and we were a local station.

When we began to be identified as "KJPC 13.1" we were a local station. But then, the way a station grows is by "growing" new people. From 1961 to 1965, it was the first step. Then, in 1966, we began to be identified as "KJPC 13.1" and we were a local station.

KJPC is dedicated to providing a vision for people today. We broadcast live, several programs, and report on local events. We are the only station in the area that provides a vision for people today.

Join the team and be a part of our vision.
